

What is Senior Reach?

Senior Reach is a free program providing reassurance as a service for senior citizens, their caregivers, retirees, widowed persons, and grandparents who might find comfort in having a Peer Specialist/Call Specialist contact them on a regular basis. Having a mental health diagnosis is not required.

What do Call Specialists talk about with people?

Our senior participants are encouraged to talk about anything that is of interest or concern to them. Each program participant is unique and call specialists get to know each person as an individual.

How often are Senior Reach participants called?

One of our trained staff calls each senior client at least every other week. The great thing is, you tell us when you want us to call.

Why Senior Reach?

This program is designed to reduce social isolation.

We understand that sometimes it just helps to have someone to talk with, someone who will listen and care.

Mission

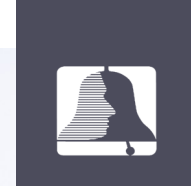

To actively help and promote mental wellness through advocacy, education, prevention, social action, supportive employment and support of research and legislation.

Vision

The Mental Health Association of Franklin and Fulton Counties envisions a just, humane and healthy society in which all people are accorded respect, dignity and the opportunity to achieve their full potential free from stigma and prejudice.
