To Potential Board Members,

Thank you! If you are looking at this information, we welcome your interest and want you to know we need your help. Your opinion, knowledge and experience will be of great help in our efforts to provide support, advocacy and service to individuals and families living with mental health challenges.

The Board of Directors of the Mental Health Association of Franklin and Fulton Counties (MHAFF) is a governing Board. The Board manages the business affairs of the MHAFF, oversees staff, is responsible for the organization's fiscal health, and for the development and implementation of the Strategic Plan and services. Each Board member supports and promotes MHAFF "to actively help and promote mental wellness through advocacy, education, prevention, social interaction, and support of research and legislation." We envision "a just, humane, and healthy society in which all people are accorded respect, dignity, and the opportunity to achieve their full potential free from stigma and prejudice." After being accepted by the Board, new Board members are provided with an orientation before attending meetings.

The Board promotes and protects MHAFF as a peer-run organization. This means that at least 51% of our Board and more than 90% of the staff have lived experience. The remaining members of the board and staff have demonstrated commitment to support and work on behalf of MHAFF and those living with mental health challenges.

We welcome your interest and look forward to talking with you. Please return the completed application along with your resume to:
